

Rotary

A Project of the Rotary Clubs of North America

The CART Fund provides funds for cutting edge research to cure Alzheimer's disease. CART started in 1996 with Rotarians in Sumter, SC, voluntarily emptying their pockets and purses of change at weekly meetings. Since then, more than \$10.2 million in grants have been awarded to 45 different research institutions around the United States. We are proud to continue our original mission of 100% of donated funds being designated to research grants.

2021 At A Glance

*20 applications received and 6 research grants awarded totaling \$1,000,000 for third consecutive year!

*More than 960 Rotary Clubs and 23 Rotary Districts contributed financially
